

FORMICA® Melamine Decorative Papers

FOR TFM® PANELS

*Thermally Fused Melamine

Formica Corporation is excited to announce the Formica® Treated Melamine Decorative Paper Program. Formica's melamine treated papers can be used to produce thermally fused melamine (TFM) panels. Expect outstanding coordination in design and color between Formica Treated Melamine Decorative Papers and Formica High Pressure Laminate. Design possibilities are extensive as most colors within the Formica High Pressure Laminate Solid Color Range, Woodgrains and Patterns Collections are also available in the Formica Treated Melamine Decorative Paper Program.

SOLID COLORS

Go solo or pair solid colors with graphic patterns or woodgrains in coordinating hues to create a design statement that's original, beautiful and smart.

PATTERNS

Be richly inventive. Patterns offer an opportunity to create looks with a striking originality and flair whether used as a lively accent with solid colors or as a complete design statement.
